Critical Intelligence Problems Committee

Office of the Chairman

27 September 1983

NOTE FOR: Panel Members

Attached is a proposed report outline with section-by-section writing assignments. It is entirely negotiable, but only if you call me today. Otherwise, bring your first draft to the meeting Friday for review and discussion.

Please don't feel constrained by this outline. Other options might surface with a little thought.

Thanks,

25X1

This note may be downgraded to Unclassified upon removal of attachment.

Executive Summary

To be written after
study is done

25X1

PREFACE:

- Purpose
- Organizational Origins
- Membership
- Policy, not legal, focus
- Objectives

BACKGROUND:

- Substantive Origins
 - Differences between Intel and Law Enforcement
 - Concerns center on Security
 - Important to assuage if intel support

APPROACH:

- Intel views only: No LEA perspective
- Short suspense
- Data gathering limited

PROBLEM DEFINITION: (Please use examples, data)

- Inadequate physical and personnel security
 - Complicated by confusion re. LEA authority to classify
- Threat of indirect compromise
 - Complicated by confusion regarding legitimate SIGINT roles and missions
- Threat of compromise in courtroom

PROBLEM RESOLUTION:

- Establish special handling procedures patterned after other compartmented intelligence systems
 - Designated points of release
 - BIGOT list
 - Numbered releases
 - SI caliber comm channels
 - Resource implications (money, personnel, who pays?)
 - Administration, control arrangements (Who's in charge?)
 - Each release carries standard caveat delimiting its use, specifying ORCON
 - Specify who should set up and operate system
 - Inspections? Advisory system?
- Formalize DOJ-DCI tacit agreement on DCI veto authority over use of foreign intel in court
 - Specify how best to accomplish, what vehicle to use, who should issue
- Clarify LEA authority to classify
